[@wendell](#) Hi Wendel, there is no more debating here. Just approve my post because this is a serious Google backend data issue. The community has a right to see how Google is handling this data. Do your job and let it through.

Listen to me, Wendel. There is no more room for games. Either you approve and unlock [Skip to main content](#) off (last reply, post 3) anently delete ALL of my other threads from this forum right now. Simply anonymizing my account is NOT enough and legally unacceptable. I have already filed a formal DMCA Takedown Notice through Cloudflare

(Report #23425937) for content removal. If you refuse to let the community see the truth, then purge all my data completely. Do your job.
